PayPal Troubleshooting

The PayPal link is known to not function when an email is received in some versions of Microsoft Outlook. This is due to the link being disabled by the program. You will see this message at the top of the email if that is the case:

Click here to download pictures. To help protect your privacy, Outlook prevented automatic download of some pictures in this message.

There will also be this image where the "Pay Now" button should be:

If you click on the warning message and select the "Download Pictures" option it will display the "Pay Now" button, but it won't be usable.
